

## Who Are We

We're proud to be the Dallas Fort Worth Association Executives, a professional membership group serving men and women who bring vital services and benefits to associations.

DFWAE members are crucial parts of organizations that lead and change entire professions and industries. We know their individual successes elevate the status of our shared profession and enhance our own standing. DFWAE creates an atmosphere where our members can share the proficiencies they learned and the obstacles they encountered. When DFWAE members meet, they share those experiences and provide support to each other. That provides YOU with valuable tools to excel.

DFWAE works in the same way as members of your own association - we accomplish more together than we can separately. Your success benefits all of us.

For almost 20 years, DFWAE has been a good home for our members. We are an organization created by association managers to focus on the issues that directly affect them. Those issues are your issues, too, and that makes DFWAE your organization.

We hope you'll Join us! It's the best career move you'll make!

## What We Do For You
