

DFWAE Cares Grants Now Available

The DFWAE Cares grant program was established in July 2020 by the DFWAE Board of Directors after members expressed a desire to donate time, talent or treasure to support others in our community who are going through a time of need. Particularly related to the COVID-19 pandemic, there are professionals in associations, CVBs, hotels, service providers, and other disciplines who have been furloughed or laid off and are unable to pay their DFWAE dues. This time is critical for them to remain a member so that they can network to find new opportunities and keep up their credentials and education.
